Dear Representative Verbeet,

We hope that this letter finds you in good health and high spirits. The purpose of this letter concerns the recently adopted European Parliament resolution on Srebrenica. The European Parliament resolution, adopted on 15 January 2009, commemorates Bosniak genocide victims at Srebrenica, Bosnia and Herzegovina. The resolution declares July 11 as the day of commemoration of the Srebrenica genocide all over the European Union. In light of the significance of remembering the past for the purpose of preventing its future recurrence we, members of the House of Representatives of Bosnia and Herzegovina, are writing to inquire as to the steps that the Dutch House of Representatives has taken in view of the European Parliament resolution on Srebrenica. In view of the fact that the 14<sup>th</sup> anniversary of the worst crime in Europe since the Second World War is approaching, we look forward to your reply.

Sincerely,
